Forecast for Saturday 25 Jun 2022

Weather: Last of overnight showers continuing to die out to leave a mostly dry day. There will be some early mist with cloud on lower slopes in east of area at first, soon dispersing. Then a bright day with some good sunny spells and a few showers breaking out during afternoon and early evening.

Chance of cloud-free hill tops above 800m: 70%

Low Cloud and visibility: Patches of mist and cloud on lower slopes in east of area at first. Otherwise very good visibility with occasional cloud cover about 800 to 900m. A few brief reductions in visibility in any afternoon showers with patches of cloud lower down.

Met Office Aberdeen Meteorologist's View
Note fresh to strong winds over higher ridges and summits making walking conditions more difficult.

Forecast for Sunday 26 Jun 2022
Weather: Mainly dry, bright start. Clouds building in southwest of area during morning with some heavy showers in the afternoon. Drier, brighter afternoon over eastern Cairngorms and Aberdeenshire hills with fewer and lighter showers.

Maximum wind: Strong southeasterly winds over higher ridges and summits, average speeds of 20 to 30mph and gusts 45mph.

Chance of cloud-free hill tops above 800m: 70% in north, decreasing 40% in southwest in afternoon.

Low Cloud and visibility: Good visibility with well broken clouds at first, above many of the tops. Clouds becoming extensive as showers develop about 700 to 800m, especially in southwest of area with patches of poor visibility as heavier showers pass by.

Temperature: **Glens:** 11 Celsius rising to 19 Celsius.
At 800m: Plus 9 Celsius.
Freezing level: Staying above the summits.
